

Helping district and school leaders modernize practices to empower personalized student-learning experiences

Future Ready Schools® Leading District Change Workshop

Learn, network, and collaborate with peers in your area.

You and your district leadership team (up to 4 people) are invited to the Future Ready Schools® (FRS) "Leading District Change through Future Ready Planning" workshop.

This workshop will jump start your district's planning efforts and demonstrate how FRS can support your district's vision for teaching and learning.

During the workshop you will:

- dive into the Future Ready 5 Step Planning process
- develop an engagement strategy for transforming and modernizing student learning
- explore Future Ready Framework and Future Ready Dashboard
- create a plan for completing the FRS district leadership
- collaborate with peers to receive support for your district journey

Registration is now open — and FREE — but space is limited.
